

# Brookwoods and Deer Run COVID-19 Guidance Document for Winnepesaukee Weekends

Updated July 13, 2020

Dear Guests,

The following pages contain all the necessary changes, guidelines, and precautions that will be in place this summer to best ensure your health and safety while at Brookwoods and Deer Run.

We are choosing, because of the current COVID-19 environment, to make some very substantial changes to the typical experience at Brookwoods and Deer Run this summer. However, we feel that we can still use this beautiful facility to fulfill the mission of our camps. For the last 75 years we have operated a traditional overnight camp for boys and girls. This summer we will be inviting families to join us for a 3-night camp experience.

We have evaluated our facility and programs along with New Hampshire guidelines, the American Camp Association guidance, and CDC recommendations. We believe our protocols will help us to keep you safe and provide a place that is fun, brings you together with others, and encourages and equips you to follow Jesus together. (New Hampshire Universal Guidelines are found here: <https://www.covidguidance.nh.gov/sites/g/files/ehbemt381/files/files/inline-documents/guidance-universal.pdf>)

This document is a working document, and will change as we continue our evaluation and monitor the requirements from the state of New Hampshire. As they loosen guidelines, we will adjust accordingly. I would encourage you to check this document frequently for any updates before you arrive at Brookwoods and Deer Run this summer.

**Keeping everyone safe this summer will be a partnership.** We will do our part, and we ask that you do your part to follow guidelines and adhere to the pre-arrival agreement that will be in place this summer. It will be important that you not come if you are sick or showing symptoms.

Finally, our prayer is that God will keep COVID-19 out of Brookwoods and Deer Run this summer. He has the power to do it, but that does not mean He will. We ask that you act responsibly to demonstrate care for others.

# Camp Health Guidelines for Current Environment

# Winnepesaukee Weekend Programming Guidelines

## Basic Ground Rules for Interaction with Others

- Masks are to be worn when with others not in your family and when 6 feet cannot be maintained.
- Certain activities will require masks due to close proximity to staff members who are not part of families. The staff member will be wearing a mask as well.
- Families will be seated in the Dining Hall together, and will be asked to wear masks as they travel to/from their table during their entrance or exit AND when leaving table to go to exit or restrooms.
- Individuals need to be respectful of others when approaching, realizing that everyone has their own comfort level, and the person you are interacting with might not share your comfort level.
- Parents are responsible for the compliance with this guideline. Please don't expect the Camp Staff to "police" your children for their compliance.
